## FIRST FRUITS OF BURGESS' NEW RULING

The first haul under Burgess Reamer's iron clad edict that booze shall not be used at weddings, christenings, dances, etc., was made Sunday morning when a house on Morgan avenue was raided and seventeen prisoners taken into the net. The patrol was brought into service and the frisky guests were all taken to the lockup where they were arraigned on a charge of disturbing the peace as well as having in their possession at the dance intoxicating liquors. The evidence was so convincing that there was no come back. Even the band that had come all the way from Braddock especially to furnish music for the occasion, was arrested and had to answer for part of the sins committed. When the guests were crowded around the rail and the hearing assumed official proportions no excuses were offered for the drink but it seemed as though the two fellows who perpetrated the row were not invited guests and were just loitering around to cause trouble.

Mr. Reamer decided as this was the first haul that had been made since the warning was issued to discontinue the use of beer and other spirits at "social affairs" he would withhold a fine and allow all the prisoners to go home if they would promise not to be guilty of such a gross breach of the moral peace again.

They all agreed to disband and never more be arraigned on such a charge. They raised a collection in the police station, paid off the orchestra, and all departed for their homes.

Burgess Reamer has declared, and made public the fact, that he is going to carry out his determination to break up this practice which has been the means of causing so much annoyance as well as being responsible for murders and divers other crimes. When a wedding or dance is carried on and booze sold or dispensed arrests will follow.

## SENT TO JAIL FOR VIOLATION OF LAW

Lottie Powell and William Adams, colored people arrested Sunday at a house on Twelfth street on suspicion of operating a speakeasy selling intoxicants without license, were given a hearing last night in Justice Shuster's court

The evidence produced against the offenders was conclusive. At least sufficiently so to warrant the Justice in committing them to the Greensburgh jail to await the action of the grand jury.

Two important witnesses were young men who testified that they had been at the house. Had procured liquor from the couple and that the money therefor was accepted. The 'Squire agreed to give them their liberty if a bond of $500 each was forthcoming, but of course it was not, and they were both transported over the road.

The evidence showed that these people were running the house in partnership, and a suspicious eye had been held officially on the place for quite a time, but no conclusive evidence could be gotten until Sunday, when the arrests were made by Constable Smith.

### New Street Car Line Project

A Corps of engineers are at work today surveying for the West Side Belt Line which is a continuation of the electric line from Monessen through Charleroi and as far as Bentleyville. It is understood that the extentions will be made the coming summer. For some time quiet work has been going on getting the right of way and the arrival of the engineers this morning gives pretty substantial evidence that the work of actual construction will be started pretty soon

### Girl May Have Been Murdered

The authorities of Westmoreland county are looking for James Keller, aged 50 years, a bookkeeper for the Pittsburgh Brewing Company, in connection with the death of May Holley, aged 16, last Thursday by poisoning. Coroner H. A. McMurray may hold the inquest today. When the autopsy was made marks of violence were found on her neck and back. Although Dr. M. S. Kuhn, the family physician, stated that death was due to poison, the coroner says there were symptoms of piosoning, but that there was also evidence that the girl had received violent treatment.

### SOME RECENT DEATHS

Curtiss B. Day, aged 3 years and 4 months, died this morning at 2:?0 o'clock of pneumonia after an illness of only a few days. The deceased was a son of John Day an employe of the Pittsburgh Steel Co., and who resides at 504 Sixth street. The body was shipped this morning on the 11:17 train to French Station, W Va., where the funeral services will be held tomorrow and interment will be made later.

Word was received this morning of the death of Edward Nevala, aged 28 years, at the McKeesport hospital following an operation yesterday. Deceased was taken to the hospital on Sunday evening and death came this morning at 3 o'clock The announcement of the funeral will appear later. The services will be held at the funeral parlors of R. S. Kelly and interment will be made in Grandview Cemetery.

## PITTSBURG JUDGE RULES STATE-GRANTED CHARTERS TO LODGE-CLUBS NOT LAW

An opinion was handed down refusing applications for the incorporation of four Moose lodges by Common Pleas court, yesterday in Allegheny county. the lodges being. East Liberty lodge No. 58; Allegheny lodge No. 47 Sharpsburg lodge No. 157, and Bridgeville lodge No 514. Judge Frazier said that under the Act of 1874, the application must be for one purpose and each of the applications in the present cases are for double purposes, and each of the applications in the present cases are for double purposes, the incorporation of lodges for beneficial purposes, and also the maintenance of clubs. The court holds that the applications cannot be granted under the proposed names, as these names are misleading. The men making the applications are banded together in subordinate lodges of a beneficial character and now they ask for the incorporation of their lodges into clubs. To incorporate such lodges into clubs would be giving them a character and purpose for which they were no organized.

This ruling is a black eye, legally, to the club fans as the judge's ruling carries that thus granting by a state is unconstitutional, and this decision will become not only state-wide but nation-wide.

Pittsburgh, Pa.

Gentlemen:—

It affords me great pleasure to recommend the Lester Piano as I feel that I am in a position to know where of I speak, having used your Lester Pianos in my different theatres including Monessen, Fayette City, Charleroi, Donora, Sisterville, W. Va., Oil City and numerous other places. Before using the Lester I tried many other so called high grade pianos without success. I find the Lester stays in tune and stands the hard usage such as a piano naturally receives in a theatre, and its sweet sympathetic singing quality of tone has always proved a great pleasure not only to our performers but to the audience as well.

To anyone considering the purchase of a piano, I most highly recommend the Lester. I would not use any other.

Wishing you continued success, I remain,

Yours very truly

## REVIVAL MEETINGS IN OPERA HOUSE

Monday night was sort of a rest night for the evangelists, there being no public services conducted in the opera house.

However, a union prayer service was held in the Bapist church and very well attended.

Tonight the meeting will be held as usual in the opera house at 7:45, but there will be no preleminary prayer meeting at the Christian church as here-to-fore.

The meeting will be opened by the chorus, a number of song selections, to be followed by the heart-to-heart talks of the Evangelists as usual. The musical portion of the program will be under the leadership of Prof. Welch. Laymen Porter and Spade will have something new, good and entertaining to say.

Prayer meetings were held this after noon at the homes of Mrs. Gibson 222 McKee and Mrs. Duvall 444 McKee avenue. Wednesday afternoon the prayer service will be at the homes of Mrs. J. D. Luce, at 58 Reed avenue and Mrs. Heilman, 436 Reed avenue.

## RELEASED FROM JAIL SHOT BY ENEMY

Louis Globiss, a miner, aged 3b, of Smithton, was shot and killed in a saloon at Smithton last evening, a few minutes after he had returned home following his release from the Western Penitentiary, where he served a year's sentence for stabbing Shepard Moore. Moore, who is 55 years old, married, and has ten children, is in the Smithton lockup, having given himself up to Justice of the Peace N. E. Rhodes immediately after the shooting.

The shooting occurred just after Globiss stepped into the barroom of the Central Hotel and met Moore. There were no words between the men there, it is said. Moore is alleged to have shot Globiss twice. The first bullet went through his left arm and lodged in his breast. The second struck Globiss in the breast near the heart and, passing out at the left shoulder, struck Joseph Richard, a by-stander, in the mouth. Richard was not injured seriously.

## MAN CAUGHT WHO SHOT FRUIT DEALER

Antonio Garofalo, the Italian who made the attack yesterday on Mariano Serino, the Schoonmaker avenue fruit dealer, shooting him in one foot and firing a number of other wild shots, was captured at Belle Vernon during the afternoon by the Belle Vernon authorities.

Word had been telephoned to Belle Vernon of the trouble and the officers instructed to be at the street car and watch for the man who did the shooting. He was placed under arrest as he stepped from the car and held until the officers from Monessen arrived.

Garofalo is now held in the Monessen lockup as are also the witnesses for a possible hearing this afternoon.

The local physicians located and extracted the ball from Serino's foot and he is getting along all right. It is thought he will be able to appear this afternoon before 'Squire Shuster and make information against his assailant.

## GOOD BILL ON THE BOARDS AT STAR

Theatregoers have a rare treat in store at the Star. The three acts on the boards are by far the best balanced bill for some time. Last night's audience was kept in a continual round of laughter and applause from the rise to the fall of the curtain. Charles Shofield opens with a first rate monologue interspersed with some classy banjo playing. He also gave a good imitation of 'Teddy' making a speech. Winrow and Rinard have a good comedy act and their singing took well, they being encored several times before being allowed to go. Harris and Randall present an excellent sketch entitled "50 Miles From Nowhere." This sketch is greatly enhanced by good acting and all special scenery is used. The moving pictures that complete the bill are very good.

A law, no matter how good it may be, will not enforce itself, and contempt will be shown toward the best law ever enacted if that law is not backed by official activity in the most vigorous manner. The spitting law or local ordinance is a good one, but it has to be constantly backed up by the strong arm of the law to make it effective. At first it was thought by prohibiting smoking in public places it would greatly reduce the spitting nuisance. Well, it helped some, but did not altogether accomplish the desired result. In many places, even in the greater cities, boards of health are waging campaigns against expectorating in pupblic places, campaigns of education as it were, by using moral suasion and kindness to a great degree, but in many instances this has fallen short of bringing the results sought, and legal suasion has been neccessary. This law was enacted in the interest of public health and common decency and we regret to see so much absolute disregard therefor, right here in Monessen. Everyday we see right on our streets the disgusting marks of this despised nuisance. Even in our churches, in our public playhouses, and even in the parlors of highly respectable homes where social functions are held, the marks of expectoration are to be seen, and thus again we are led to assert that no law no matter how good, will enforce itself.

Like religion, temperance, etc., laws and ordinances need occasional revivals in order to make them effective and do the most good for the greatest number. Officials should keep close watch on the street, in public gatherings and eleswhere and rigidly enforce the ordinance against spitting. By so doing the presence of much dreaded disease germs are decreased and the danger to human life lessened to a great degree.

---

We've heard of all manner of schemes being practiced or permitted in order to increase church membership and to assist in raising the pastor's salary, but believe this is just one step ahead or along the line of church improvement or whatever you choose to term it. At Newport, Wash. a great hubbub was raised because some of the members of the Hope Congregational church made a discovery, and when they made that discovery the shock was great. They found out or heard in some way that Rev. Frank E. Whitman knew how to play pool, and actually played the game in the town's pool rooms A complaint was made before the ministerial tribunal and it was not hard to learn that the worthy Brother was the champion pool player of the town, and he was not ashamed of it either. Some talked of his removal from the church, but the business men threatened to withdraw their financial support if such was done, hence it was not done, and the investigating committee recommended that the pastoral relations be continued by all manner of means. Twenty-four new, substantial, good paying members were added to the church roll, and now there is said to be talk of adding a pool and billiard parlor to the church. Charity, O, charity, and a full purse, surely does sometimes cover a multitude of sins, in the eyes of some people, and since we think real seriously about it, we guess, most people.

---

If the craze keeps up at the present pace it looks as though it might soon be necessary to establish moving picture apparatus in the churches, substitute the moving picture for our sermons and let the preachers get the sexton's job in order to make out.

## FOUR FLEA POWER OF WATCH

**Delicate Little Instrument Whose Balance Wheel Is Driven More Than 3,500 Miles a Year.**

Few pieces of machinery show more wonderful features than that of the watch. As a general proposition it may be stated that a watch is the smallest, most delicate instrument of the same number of parts that has ever been devised.

About 175 different pieces of material enter into its construction and upward of 2,000 separate operations are comprised in its manufacture. Certain of the facts connected with its performance are almost incredible when considered as a whole.

A blacksmith strikes several hundred blows on his anvil in a day and as a matter of course is glad when Sunday comes, but the roller jewel of a watch makes every day—and day after day—432,000 impacts against the fork, or 157,680,000 blows during the course of a year without stop or rest—or some 3,153,600,000 blows during the space of twenty years, the period for which a watch is usually guaranteed to keep good time.

But the wonder of it does not cease here says the Michigan Manufacturer. It has been calculated that the power that moves the watch is equivalent to only four times the force used in a flea's jump. The watch power is therefore what might be termed the equivalent of a four flea-power. One horse-power would suffice to operate 270,000,000 watches.

Furthermore the balance wheel of a watch is moved by this four flea-power 1 43 inches with each vibration, or 3,558¼ miles continuously in one year. Not much oil is required to lubricate the little machine on its 3,500 mile run. It takes only one-tenth of a drop of oil to oil the entire machinery for a year's service.

## PAY FOR THE FRENCH NAMES

**Fastidious Restaurant Patrons Could Get Same Dishes in "American" for Much Less.**

Frank P Ward, writing for Harper's Weekly, declares that the men who cater to the hunger and thirst of the wealthy in New York make a profit of anything up to 300 per cent. For this condition he blames one class of restaurant patrons whom he describes as "persons who turn up their noses at eggs with grated cheese, 25 cents, but go into ecstasies over oeufs a la reine, $1—exactly the same dish." To descend a little in the scale, says Mr. Ward, "beef and" establishments are highly profitable; a fact which, as he points out, goes to show that if these can coin money at five and ten cents a "throw," the others can do better.

There is undeniably a deal of sound sense in Mr. Ward's arraignment of ultra-fastidious person who ecstatically pays 25 cents for food and 75 cents additional for a French name to go with it. The person of that temperament is evidently convinced that grub by a more genteel name would taste as sweet, and is determined to eat it by the other name, cost what it may. Why eat "vittles" when, by merely paying a quadruple price, one may have nourriture? Why, indeed! If French names for Yankee dishes serve best to keep in circulation the money of the finical rich, by all means put them up in French.—Manchester Union.

---

**He Eats No Corn.**

"I am dearly fond of corn on the cob," said the mathematician, "but I haven't eaten any this season."

"What's the matter? It doesn't cost much."

"Well, that all depends upon how you look at it. Take it in the market, it's cheap enough, twenty-five or thirty cents a dozen ears. But I have to eat in restaurants, and there I would have to pay ten cents an ear or $1.20 a dozen for it Now, where do you suppose the restaurants get the courage to charge that much for serving hot what costs them only one-fourth that much in the raw state? If the corn were difficult of preparation for the table, if it took much trouble in the cooking or if it required elaborate sauces it would be different But corn on the cob is the simplest thing a restaurant can serve, and for one, I don't purpose to let them make any 300 per cent. profit out of me on their old corn."

---

**Shakespeare in 1793.**

What, we wonder, would happen to the London manager nowadays who should dare to put on the stage such a version of a Shakespearian tragedy as was played in Ireland a hundred years ago? Mrs. Earle in her book, "Memoirs and Memories," gives a Dublin play bill in 1793, which is worth quoting.

The play was "the tragedy of 'Hamlet,' originally written and composed by the celebrated Dan Hayes of Limerick and inserted in Shakespeare's works." The title role is taken by a gentleman "who between the acts will perform several solos on the patent bagpipe, which performs two tunes at the same time."

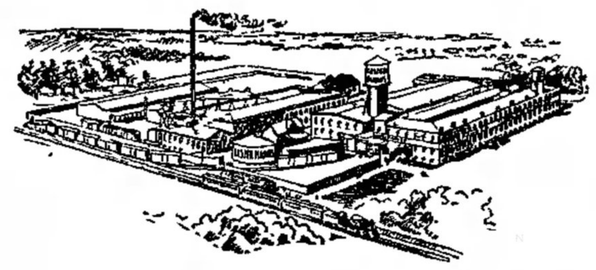
## TWO OF THE LARGEST FACTORIES IN THE WORLD



**Over 53,000 of these pianos now in use. 150 or more in Monessen and vicinity.**

Monessen, Pa., Feb. 8, 1912.

E G. Hays & Co.,
Pittsburg, Pa.

Gentlemen:—

It affords me great pleasure to recommend the Lester Piano as I feel that I am in a position to know whereof I speak, having used your Lester Pianos in my different theatres including Monessen, Fayette City, Charleroi, Donora, Sistersville, W. Va., Oil City and numerous other places. Before using the Lester, I tried many so-called high grade pianos without success. I find the Lester stays in tune and stands the hard usage such as a piano naturally receives in a theatre, and its sweet, sympathetic singing quality of tone has always proved a great pleasure, not only to our performers, but to the audience as well.

To anyone considering the purchase of a piano, I most highly recommend the Lester. I would not use any other. Wishing you continued success, I remain,

Yours very truly,
(Signed) W. A. McShaffrey.

# AID TO INTELLIGENT STUDY OF THE BIBLE.

## Sunday School Lessons Educational to All.

**An Illustrated Commentary on the International Sunday School Lessons May Be Obtained by Saving the Articles From This Paper—Handy Compendium For Bible Students.**

The Brooklyn Tabernacle articles on the International Sunday School Lessons bring out the instruction intended in a way which can be seen to be more harmonious, beautiful and reasonable than is generally understood.

There never was a time when religion was investigated as generally by all classes of people as it is today. There never was a time when helpful explanations of the Sunday School Lessons were more needed. The Brooklyn Tabernacle Lessons are the timely aid for all. They present the various fragments of truth on the different subjects in such language as best enables all classes of readers to grasp the general thoughts of the lessons clearly.

The Sunday School Teachers and pupils who devote fifteen minutes of study ordinarily, with the hope of mastering their lessons, are often disappointed; but to those of our readers who will give just time enough for a careful reading of the Brooklyn Tabernacle single-column article we offer assurance of pleasement and lasting good.

It is the design of many readers to save the Lessons for a period of time and then have them bound together. This will constitute a valuable and helpful commentary upon Sunday School topics.

The Brooklyn Tabernacle International Sunday School Lesson will be a regular feature in this paper each week.

# AN EXPLANATION THAT EXPLAINS.

## Sunday School Lessons Made Easy and Interesting.

**A Weekly Illustrated Article on the International Sunday School Topic to Be a Regular Feature In This Paper Hereafter—The Oft-Repeated, "I Don't Know the Lesson," Will Not Do Now.**

We are pleased to announce to our readers that in this issue we begin the regular weekly publication of the Brooklyn Tabernacle Illustrated Articles on the International Sunday School Lessons.

These articles are written in easily understood but beautiful language, really explaining the Lessons, and so far towards making it a real pleasure for both teacher and pupil to meet in the class room at the recitation hour.

No longer can the busy or careless offer as an excuse for staying home Sunday morning the oft-repeated, "I don't know the lesson."

Teachers or pupils with ordinary mind can hereafter in fifteen minutes read the Brooklyn Tabernacle single-column article, and thereby creditably acquit themselves among their fellows.

To those of our readers who are forced to miss the regular weekly class room exercises we are pleased to offer this feature as an excellent substitute.

Hundreds of editors throughout America are serving the interests of a mixed constituency by publishing this unsectarian weekly service, and we sincerely hope to do likewise.

# HIT RESPONSIVE CHORD LAST WEEK.

## Teachers and Students Helped by the Week's Lessons.

**A Splendid Article This Week—Sunday School Recitation Made Enjoyable by Reading These Excellent Sermonettes. A Splendid General Knowledge of the Bible Will Necessarily Follow.**

Of interest to all our readers are the Brooklyn Tabernacle Articles on the International Sunday School Lessons. These articles are written for everybody—the teacher, the pupil, the stay-at-home and the skeptic. All will find this week's lesson "worth while."

Some people can prosper and maintain a respectable standing among their fellows without being familiar with Shakespeare, Virgil or Emerson, but none can afford to lack a general knowledge of the Bible. No matter how many cares rest upon an individual he is not excused if found ignorant of the general teachings of the Scriptures, acknowledged to be The World's Most Wonderful Book.

By a perusal or, better still, by a systematic study of a series of these articles on the Sunday Lesson, a splendid general knowledge of the Bible will necessarily follow. Therefore we again with pleasure call our readers' attention to the one-column Brooklyn Tabernacle Bible Study, on the International Sunday School Lesson, appearing regularly in this paper.

# CHANGE IN COLOR OF EYES

**By No Means Uncommon and Easily Accounted For, According to Surgeon.**

The possibility of a man's eyes changing [illegible] mental check or physical ill treatment was the subject of an interesting discussion by a number of surgeons in the eye ward of one of the great London hospitals.

One of the surgeons stated: "It is common knowledge that great physical hardships may suddenly turn the hair white. The loss of color here follows on certain chemical changes, due to disturbances of nutrition, taking place in the tiny particles of coloring matter which give the hair its color.

"All infants at birth have blue eyes. In some babies, immediately after birth, pigment granules begin to develop in the iris. Thus they become brown or black eyed. In others, however, no such pigment formation takes place, and the eyes remain blue or gray throughout life.

"If this at present blue-eyed ex-convict is really the missing brown-eyed banker, a reasonable explanation of the discrepancy in the eye colorings would be that under the stress of physical and mental shock the coloring matter which had in early life developed in each iris had atrophied or disappeared, leaving the eyes the original blue coloring present at birth."

**Roman Script Favored.**

Shall the world's script be Roman, such letters as we use, or Arabic or Chinese? The Roman script has by far the best chance and the best claim, according to the New York Independent. Efforts are making to introduce it in China and Japan, and now the effort is making to interest India in reducing its fifty alphabets to a single one.

# News Notes of Society

Thomas Russell of Monessen and Miss Carrie Dunlap of Charleroi were married on last Saturday by the Rev. F. A. Richards pastor of the M. E. church at that place. The groom is a popular young man well known among a large circle of friends here. The bride is a popular and charming young lady and very active in social ciricles. The couple will reside here, the groom being employed in the rod mill of the Pittsburgh Steel Company.

On Saturday afternoon in Pittsburg, George Lowstutter of this place and Miss Cora Peters of Suterville were united in marriage. The wedding is the culmination of a romance of almost a year ago. The groom is well known locally and is employed in the Lion Fence department of the Page mill. The bride is from a prominent family in her home town, where she was very popular in social circles. The young couple will reside here.

Saturday night was a "great day" in Maltadom in this valley and Donora was the scene of activities. The extremely amusing Bag Dad Degree, known as "77" was administered by a strong team from Belle Vernon, McKeesport and Duquesne commanderies and the feature was witnessed by two hundred members and lady friends, among whom were quite a goodly representation from Monessen. It is said that this is the first time in Malta history that this famous degree has been put on for the entertainment of ladies. Each man who "traveled" the unknown road of the "77" was assessed 77 cents, and from among the large attendance only seven had the heart to "travel" the full 77 cents worth, in reality, while a large number were also obligated. All who did "travel," traveled fast, and can amply testify to receiving full value for their money.

The guests from Monessen were Mr. and Mrs. Wm. Livingston, Mr. and Mrs. Chas. Shrader, Mr. and Mrs. Gustave Kruell, Mr. and Mrs. L. W. Shepler, Mr. and Mrs. E. G. Shepler, Mr. and Mrs. P. P. Bush, Mr. and Mrs. M. F. Shrader, Arch and George C. Shrader, A. J. Snyder, H. E. M. Steiner, Chas. Nash and E. E. McGavitt.

Charles Nash and P. P. Bush were the Monessen members who "traveled."

## BACKACHE NOT A DISEASE

### But a Symptom, a Danger Signal Which Every Woman Should Heed.

Backache is a symptom of organic weakness or derangement. If you have backache don't neglect it. To get permanent relief you must reach the root of the trouble. Read about Mrs. Woodall's experience.

Morton's Gap, Kentucky.—"I suffered two years with female disorders, my health was very bad and I had a continual backache which was simply awful. I could not stand on my feet long enough to cook a meal's victuals without my back nearly killing me, and I would have such dragging sensations I could hardly bear it. I had soreness in each side, could not stand tight clothing, and was irregular. I was completely run down. On advice I took Lydia E. Pinkham's Vegetable Compound and am enjoying good health. It is now more than two years and I have not had an ache or pain since. I do all my own work, washing and everything, and never have backache any more. I think your medicine is grand and I praise it to all my neighbors. If you think my testimony will help others you may publish it."—Mrs. OLLIE WOODALL, Morton's Gap, Kentucky.

**If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.**

## DON'T PULL OUT THE GRAY HAIRS

### A Few Applications of a Simple Remedy Will Bring Back the Natural Color.

"Pull out one gray hair and a dozen will take its place" is an old saying, which is, to a great extent, true, if no steps are taken to stop the cause. When gray hairs appear it is a sign that Nature needs assistance. It is Nature's call for help. Gray hair, dull, lifeless hair, or hair that is falling out, is not necessarily a sign of advancing age, for there are thousands of elderly people with perfect heads of hair without a single streak of gray.

When gray hairs come, or when the hair seems to be lifeless or dead, some good, reliable hair-restoring treatment should be resorted to at once. Specialists say that one of the best preparations to use is the old-fashioned "sage tea" which our grandparents used. The best preparation of this kind is Wyeth's Sage and Sulphur Hair Remedy, a preparation of domestic sage and sulphur, scientifically compounded with later discovered hair tonics and stimulants, the whole mixture being carefully balanced and tested by experts.

Wyeth's Sage and Sulphur is clean and wholesome and perfectly harmless. It refreshes dry, parched hair, removes dandruff and gradually restores faded or gray hair to its natural color.

Don't delay another minute. Start using Wyeth's Sage and Sulphur at once and see what a difference a few days' treatment will make in your hair.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists.

**The Owner of The House**

he lives in is to be envied. He is independent of rent day and rent collectors. To be the owner of your own home doesn't mean you must have plenty of money. We have a plan whereby you can own a house and live in while you are paying for it instead of paying rent. Bring your wife here and have a talk about it.
